## BS Benefit a Big Success!

On Sunday, October 25, 120 of Beacon Street's biggest supporters attended our first ever benefit. Huntington Playhouse in Bay Village presented a wonderful version of Gilbert and Sullivan's "The Mikado." The light opera featured a cast of strong singers and comedic talents. All agreed the show was a great evening's entertainment, though not a few gave some of the credit for the audience's good humor to Beacon Street's spirited warm up performance before the show.

This brief "thank you" to our patrons featured visits from *The Beacon's* own Akhi and founding members Kim Manning and Steve Rico, as well as the BS Chorus Line's version of "Surfing With Jesus" led by the guitar stylings of BS Office Manager Jim Pipik.

Beacon Street would like to take this opportunity to thank the following for their contributions to making our first benefit a great success: Stan Kozak and Vic Pergola, for handling the arrangements with Huntington Playhouse and the caterer, as well as planning the whole event; Joyce Conway, Karen Douglas, and the C.S.U. Theater Department for the lovely decorations that graced the lounge for our reception; Nancy Steib, for the tasty refreshments before the play and at intermission; our Staff and Board of Directors, who worked hard to sell tickets under tough economic conditions and provided a warm atmosphere for the entire show; and all those who continue to support our ministry through their generosity and prayers.
